Outlook - Issue 19 - March 2011

Sustainable Supplier Program.

In February we presented a sustainable supplier program for the banking industry, with a combination of Corporate Social Responsible practices, including Code of Practice and United Nations Principles. Below is Peter Greenham discussing the critical aspects of the sustainable certification tool with CEO Swarmie Nathan and Trevor Phippin in the procurement evaluation towards greening the supply chain management and minimising risks.

Unit Owners Expo – Fire Door Dead Lock Solution Displayed

The Body Corporate Owners Network Expo was held at Kedron Wavel Services Club this month, with Independent Inspections as one of the sponsors of the event.

As a part of being proactive in the industry, we discussed and displayed the most cost effective 'solution to deadlocks' with a Compliant Fire door replacement deadlock.

A Compliant Deadlock installed without having the door changed , saving one unit complex \$23,000 in costs

Conti Tour Story

John Anderson who started Contiki Tours was the key speaker at the Logan Live and Local Expo. He also released his new book "Only 2 bookings left". We conducted an interview with John Anderson , discussed the risks in business and he provided good feed back in minimising the exposure to risk.

Moss Cancun Update

The Members of Success and Sustainability Cancun Briefing was held at RMIT, University Melbourne in February, with Anne Maree Huxley, Wayne Sharpe and Kate Phillips, a Senior Associate in Baker & McKenzie's Global Environmental Markets, in the presentation of the visit to Mexico.

Griffith University – Thinking Systems II for Sustainability

The Second Series of Thinking Systems was held this month, on using Systems Thinking in business practices, innovations of system process mapping and auditing in waste maximisation in operations.

Beyond Zero Emissions – Stationary Energy Plan

The Team from Beyond Zero Emissions at Queensland University of Technology went through the Stationary Energy Plan presentation, showing how, using today's available technology, to create renewable energy, reduce our environmental impact and reduce our reliance on fossil fuels.

Logan Live N Local 2011

The Logan Live and Local campaign was held this month with over 100 exhibitors supporting the Logan community with representation from Logan City Council, Chamber of Commerce, Delfin Lendlease, ANZ, Suncorp ,Bendigo Bank , Federal Member for Forde and many other businesses.
